The Tape Wrapper

NW series

NW-1200
series

NW-2200
series

Ideal for wire harnesses'

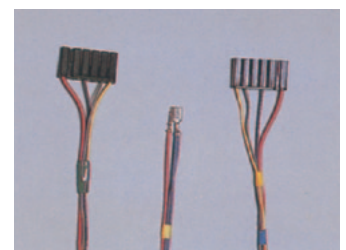

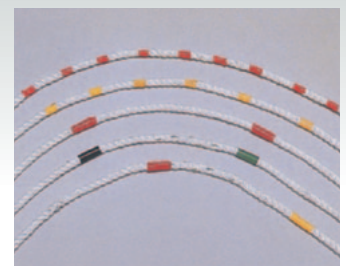

Wrap tape around bundles of wire, tubes, etc, etc

Use most tapes in place of expensive twist ties and tie wraps

Tape over splices or connectors

Use colored tape for wire marking

Use in place of shrink tubing

NEW WAINDER

The Tape Wrapper

Applications

- #1 Use in place of shrink tubing
- #2 Tape over splices or connectors
- #3 Use colored tape for wire marking
- #4 Use most tapes in place of twist ties and tie wraps
- #5 Wrap tape around bundles of wire, tubes, etc
- #6 Can use preprinted tape for wire identification
- #7 Ideal for wire harnesses

Features

- #1 Works with most commercially available adhesive tapes
- #2 Compact light weight design
- #3 Plugs into standard 115v AC outlet and uses less than 2 amps
- #4 No special operator training
- #5 Safety interlock on tape wrapping and cutting mechanism
- #6 One second cycle time
- #7 Fixed length tape (dispenses the same length every cycle)
- #8 Machines can tape bundles from .118" (3mm) to .78" (20mm)
- #9 Four standard models to choose from
- #10 No adjusting required different bundle diameters

Benefits

- #1 Reduce tape costs by same length every time
- #2 Uses less bench space and is portable
- #3 No special electrical wiring or air required
- #4 Can be used by all personal
- #5 No chance of operator getting hurt
- #6 Increase productivity
- #7 Consistent looking parts
- #8 Can process a wide range of parts
- #9 Get the right machine for your application
- #10 No down time for changing dies

Model #	NW1203	NW1205	NW1206	NW2208	NW2215
Tape Width	up to 3/4" (.79")(20mm)			up to 3/4" (.79")(20mm)	
Tape Length	1.26" (32mm)	1.97" (50mm)	2.36" (60mm)	3.15" (80mm)	6" (150mm)
Wire Bundle Dia. Range	.01 to .22" (2.5 to 5.5mm)	.18 to .32" (4.5 to 8.0mm)	.197 to .32" (5.0 to 8mm)	.39 to .78" (10.0 to 20.0mm)	
Machine Weight	18.1 lbs. (8.2kg)			39.7 lbs. (18kg.)	
Electrical Requirements	110V 50/60Hz 55W (100 & 220V machines available)				
Machine Dimensions	9.1 x 9.1 x 11" (230 x 230 x 280mm)			11.8 x 13.4 x 9.8" (300 x 340 x 250mm)	

The Tape Wrapper Selection Guide

Tape wrapping capacity for different wire diameters (number of wraps around the wire)

Wire Bundle Diameter	NW1203	NW1205	NW1206	NW2208	NW2215
0.118" (3.0mm)	3.4				
0.137" (3.5mm)	2.8				
0.157" (4.0mm)	2.5				
0.177" (4.5mm)	2.3	3.5			
0.197" (5.0mm)	2.0	3.2			
0.217" (5.5mm)	1.8	2.9			
0.236" (6.0mm)		2.6	3.2		
0.276" (7.0mm)		2.3	2.7		
0.315" (8.0mm)		2.0	2.4		
0.354" (9.0mm)					
0.394" (10mm)				2.5	
0.472" (12mm)				2.1	
0.512" (13mm)				2.0	
0.551" (14mm)				1.8	3.4
0.630" (16mm)				1.5	2.9
0.709" (18mm)				1.4	2.6
0.787" (20mm)				1.2	2.3
